Make creative dishes with the help of this **savoury crackers**. Suitable as decoration or as a base for an original aperitif.

Dirk Peeters discovered savoury crackers at a dinner at restaurant de Pastorie in Lichtaart and was blown away. Together with chef Carl Wens, he instantly saw the potential for launching an assortment on the market to use in the gastronomic cuisine. The crackers are not made of shrimp but of tapioca, which is why it comes in different variants, both savoury and sweet.

Cocoa powder, rosewater and saffron threads give intense flavour and beautiful colour to the **sweet cracker** variants. Use them to decorate a spectacular dessert.

PREPARATION

1. Heat vegetable oil to 180°C. For best results, it is recommended to use sunflower or peanut oil.
2. Completely immerse the crackers and deep-fry for ± 10 seconds using a fryer, skimmer or frying basket.
3. Remove the crackers from the oil and let them cool down.
