PASTRY

A bit about us:

UniPek OOD is a Bulgarian family business with more than 29 years of experience in the bakery industry. Currently the company has 2 production plants and 15 company stores, all located in Sofia, Bulgaria. We are dedicated to our work and together with our 77 employees we value and believe in:

- The honest labor and the evidence of such in our employees, partners, customers and government institutions.
- The ethical attitude on all levels of professional and interpersonal interactions.
- The outcomes from persistence and strong will.

Let us present you:

Roza pastry – a handmade, part-baked and frozen phyllo pastry. So far we have 6 varieties, 3 savoury and 3 sweet ones, yet working on adding more to the product line.

It is a quality product:

We aim at having only fresh ingredients in our recipes – apples, pumpkin, leek, carrots. This is why availability of some products will vary throughout seasons.

We strive to make our pastries delicious! That is why at least 70% of the products is the filling itself.

We do not add preservatives!

WHITE BRINED CHEESE

It has delicious rich filling and crispy phyllo. Made with love from locally sourced ingredients, once you bake it, taste it and you will simply love it. This is our flagship product and we are proud of it!

Ingredients: Phyllo, Bulgarian white brined cheese, Bulgarian yogurt, egg melange, mayonnaise, sunflower oil, potato starch, baking soda.
